

OUR LITTLE ROCK

Board Member

Patricia Fry
AARP Arkansas

Little Rock is a small city with a big heart. People work together to help out their neighbors.

It has the potential to grow its' population as it is still an affordable city. With that, there is potential to grow in entertainment, affordable housing, community resources, and attractions that will make it an attractive option for people looking to relocate or retire.

I bring to this organization years of experience working with the Little Rock community. A sense of how to collaborate with the people and get them excited about making small changes together.

I hope to collaborate with like minded individuals who will support actions toward positively impacting livability across Little Rock for all residents, and hopefully that we can find a way to move the needle for everyone so that they can benefit from and enjoy living within the city.
